## WHAT TO EXPECT?

This term we have a great line up of fun and dynamic activities. We will be connecting and hanging out with other youth groups as well throughout the term! Our nights consist of a creative ice breaker, activities and then small groups time.

## YOUTH FOCUS

### KNOW:

If youth know who they are in Christ, who knows what they could do, what they could accomplish, what they could become. Its important to know what our purpose is in life and as a young person this is a pivotal moment for them. We desire to see youth KNOW God, make God KNOWN and KNOW who they are in Christ.

### GROW:

As a youth group we want to grow our young peoples relationship with Jesus together and individually. Through our youth nights we will establish the basics of how to spend time with God and the different ways you can do that.

### GO:

In our time together we will get moments where will serve. In our community, in our church and in internationally. We want to teach our youth a cycle of KNOWING more of Jesus, GROWING in Jesus and GOING for Jesus.
